Curriculum at Effingham Heights Primary School

Effingham Heights Primary School caters to learners from Grade R to Grade 7, offering a comprehensive and balanced curriculum aligned with the **Curriculum and Assessment Policy Statement (CAPS)**, as mandated by the Department of Basic Education. This ensures that our learners receive a well-rounded education that meets national standards and prepares them for future academic success.

Our curriculum covers a wide range of subjects, including:

- **Languages**: English as the primary language of instruction. We also offer a choice for the **First Additional Language**, where learners can opt for either **Afrikaans** or **Zulu** to suit their linguistic preferences.
- **Mathematics**: Building critical problem-solving and numeracy abilities.
- **Natural Sciences and Technology**: Encouraging curiosity and a scientific approach to understanding the world.
- **Social Sciences**: Promoting awareness of history, geography, and societal issues.
- **Life Skills**: Fostering emotional, physical, and social development.

In the **Senior Phase (Grade 7)**, learners also study additional subjects that broaden their knowledge and skills, such as:

- **Technology**
- **Natural Science**
- **Economic and Management Sciences (EMS)**
- **Creative Arts**
- **Life Orientation**

In addition to these core and specialized subjects, learners participate in **coding and robotics** lessons, preparing them for the technological advancements of the future.

For a detailed overview of the CAPS curriculum and the specific learning objectives for each grade, parents and guardians are encouraged to visit the official **National Department of Education website**.

At Effingham Heights, we are committed to providing high-quality education and fostering the holistic development of each learner, ensuring they are well-equipped for both academic and personal growth.
